

Erasmus for Young Entrepreneurs

Columbus 10 (2023-27) Consortium partners are participating in the Programme as intermediate organizations. They promote the programme as well as creating and managing successful exchanges. They identify potential participants, assist with applications and provide training and advice on travel and accommodation. They also administer the provision of financial support to new entrepreneurs and ensure full compliance with Programme guide-lines and regulations.

The partners of Columbus 10 consortium cover 10 countries (Denmark, Greece, France, Hungary, Italy, Lithuania, Portugal, Slovenia, Spain, Turkiye), while most of them have worked together in Erasmus for Young Entrepreneurs Programme for many years.

In summary, Columbus 10 (2023-27) aims to create and support successful exchanges between new and experienced entrepreneurs from all across Europe.
